

CMS BEP CERTIFIED VENDOR SEARCH

Follow this process when selecting a minority, women or persons with disabilities certified vendor.

Obtain information from [CMS BEP Certified Vendor Search](#) by using three different search features.

- Vendor - Enter part or the entire vendor name. For best results, only enter part of the name to show a complete listing.
- Commodity/Service Code – Unless the code is known, it may be difficult to find potential vendors using this option.
- Commodity/Service Name – Enter part or the entire commodity name. Once commodity is selected, search can be sorted by Counties.
