

Utilization of IPHEC and/or Prime Vendor Contracts

Southern Illinois University Carbondale participates in Illinois Public Higher Education Cooperative (IPHEC) contracts and has negotiated prime vendor contracts for several goods and services. The campus departments are required to utilize these contracts whenever they are acquiring the goods and/or services provided by these vendors. The pre-determined competitively bid prices, wide selection of items, service, warranty, no SIUC bid requirement, and immediate order placement makes their utilization in the best interest of the University.
